Location: EU-based (Hungarian citizen) | Fully aligned with EU time zones

PROFESSIONAL SUMMARY

I'm a multidisciplinary product designer and design engineer with **over 20 years of experience** building products across advertising, gaming, SaaS, and adult entertainment. I've led design for platforms with **20M+ daily users** and I've pushed measurable improvements in accessibility, user experience, and conversion. I care about accessibility, open source, and transparent collaboration — and about closing the gap between design and development.

I'm looking for remote Senior Product Designer, Design Engineer, or Lead roles — SaaS, open source, or privacy-focused teams.

CORE COMPETENCIES

- **UX/UI Design:** User Experience, User Research, Interaction Design, Prototyping, Design Thinking, A/B Testing, Accessibility (a11y), Mobile-First Design.
- **Product Strategy:** Product Ownership, Roadmap Planning, Project Management, Agile Methodologies, Team Leadership, Mentoring, UX Auditing.
- **Design & Prototyping:** Figma, Sketch, Adobe Creative Suite (Photoshop, Illustrator, XD), Framer, Webflow.
- **Frontend Development:** HTML5, CSS3, SASS, JavaScript, Vue, TypeScript, React, Responsive Design, Browser Prototyping.
- **Other Tools:** Git, Jira, Slack, PHP, Node.js, Gulp, VSCodium, Open-weight LLMs (DeepSeek, GLM).

- **Soft Skills:** Problem Solving, Cross-functional Collaboration, Storytelling, Empathy, Adaptability.

WORK EXPERIENCE

Woodlaine Digital Services | Cyprus / Remote

Head of UI/UX Design | 2022 – 2025

- Led UI/UX strategy for **AdultWork** — the UK's largest adult entertainment portal with **more than 2 million daily visitors**, which meant a complete UX audit and a redesign of the main product.
- Started the design system and kept it going, which held multiple platforms consistent and took friction out of design-to-development handoff.
- Took ownership of an experimental spinoff project (Hotica) — branding, UI/UX, and frontend development — through to a successful launch.
- Worked with a partner payment processor, giving them UI development support to improve the integration.
- Managed stakeholder relationships, and kept the design work pointed at business goals.

LogMeIn / GoTo / LastPass | Hungary / Remote

Senior Product Designer | 2021 – 2022

- Joined a small "SWAT" team that got dropped onto high-priority, cross-functional projects.
- Led the **complete accessibility overhaul** for **LastPass** — a **14% jump in compliance** with WCAG standards.
- Designed and built internal tools for project teams, which made workflows quicker and more productive across GoTo products.
- Worked side by side with developers and product managers to ship features under tight deadlines.

KREA Contemporary Arts Institute | Hungary

Teacher and Faculty Lead for UI/UX Design | 2018 – 2022

- Developed and delivered the UI/UX curriculum, mentoring students in design thinking, research, prototyping, and frontend development.
- Coordinated with the other instructors as faculty lead, and kept refining the program based on student feedback and what the industry was asking for.

IndieBill | Hungary / Remote

Founding Product Designer, Frontend Developer & Product Owner | 2017 – 2020

- Led a cross-functional team of five (developers, sysadmin, support) — daily maintenance on one hand, the bigger product moves on the other.
- Rebuilt it from the monolith into microservices, which made the system easier to scale and maintain.
- Built the content moderation flow and tooling with a JS developer, wrote the guidelines, and trained six moderators.
- Tested new product ideas by building prototypes and MVPs, validating them against user feedback and research.

Crytek | Germany

Senior Web Designer & UI Developer (Warface) | 2016 – 2017

- Ran the game's web hub for the F2P game Warface as its dedicated web designer, building campaign landing pages.
- Designed and hand-coded the seasonal, story-driven landing pages (HTML/CSS/JS) that hyped the community — marketing and UX in one.
- Designed and built the **Warface Auction House**, a player-to-player economy feature, over many iterations with a multi-studio, international team.
 - **Result:** a community hit — **credit sales up 30%+**, and it became a core feature people actually used.

Campoint | Germany

Senior Product Designer (Visit-X) | 2015

- Led the **complete redesign** for **Visit-X**, one of the biggest adult entertainment platforms in Germany.
- Kept the work user-first, to lift the overall experience and engagement on the platform.
- Worked with stakeholders to define a fresh, modern direction — and then to implement it, in line with business goals.

Docler Holding | Luxembourg

Senior UI/UX Designer (LiveJasmin) | 2013 – 2015

- Designed for **LiveJasmin**, the world's most popular adult live chat platform with **more than 20 million daily visitors**.

- **Redesigned the mobile experience** with app-like interfaces on mobile web — the way around app store restrictions at the time.
- **Reworked the payment system with A/B testing and research**, making the in-show credit purchase faster and more intuitive.
- Led the design for "**LiveJasmin Goes Glamorous**" — the visual style and user flows for a brand-new product aimed at a mainstream audience.

Karmamedia | Hungary

Senior Art Director | 2013

- Built digital campaigns as a Senior Art Director for **Telekom, Snickers, Whiskas, Pedigree, and Tesco**.

Possible CEE | Hungary

Digital Designer | 2011 – 2012

- Designed digital campaigns for **CitiBank, Telenor, Hauser, Nivea, MOL, and Telekom**.

RedWorks / Ogilvy | Hungary

Digital Art Director | 2010 – 2011

- Designed and art directed campaigns for **Milka, Generali, Erste Bank, CIB Bank, Dove, and Nivea**. The Hipnozis Advertisement Awards honored two of those projects.

Magnet-X 2000 | Hungary

Graphic & Web Designer, Frontend Developer | 2010 – 2011

- Worked alongside a backend developer, building digital solutions for government agencies and the local municipality.

Eyedea | Hungary

UI Designer & .NET Developer | 2008 – 2009

- Joined a three-person team that got in early on Microsoft Silverlight, building the digital version of Hungary's most important historical codex alongside Microsoft.

Microsoft | Hungary / Remote

Student Consultant & Web Designer | 2006 – 2008

- Ran events and activities for developer students, and supported the programming teachers.

- Built several community forums on the ASP.NET platform, again working closely with Microsoft.

Awknet | Hungary / Remote

Web Designer & Full Stack Developer | 2005 – 2007

- Delivered full-stack PHP projects across various areas as the only developer and designer, and helped the sysadmin with Linux server administration.

SIDE PROJECTS

Lost Signals

Founder & Developer | 2026 – Present

- Building FOSS web apps for needs I run into myself and in the community:
 - [Ghosted](#) (*public beta*) – job application logbook for job seekers.
 - [Kaja](#) (*coming soon*) – neurodivergent-friendly meal tracker with AI assistance.
 - **Keret** (*coming soon*) – photo gallery for amateur photographers, hosted on GitHub Pages.

Pandastic Creative Studio (HU)

Founder & Lead Designer | 2012 – 2014

- Founded a creative studio, running client projects and delivering design across various media. Clients included Absolut Vodka, Volvo, MacWorld, Apple, and Canon.

EDUCATION

Apolka Art School (HU)

Graphic and Brand Design | 2009

Pannon University (HU)

Completed coursework in Programmer Mathematics | 2005 – 2008

- Left to go freelance as a full-stack web developer, building on early experience at Microsoft and Awknet.

József Jáchy Technical High School (HU)

Faculty of Architecture | 2001 – 2005

ADDITIONAL INFORMATION

- **Languages:** Hungarian (Native), English (Fluent)
- **Work Authorization:** Eligible to work in the EU (Hungarian citizen, EU tax residency)
- **Remote Setup:** 6+ years working remotely, 4+ of them as a digital nomad. Fiber at 700–800 Mbps with 5G backup, and I keep EU hours.
- **Contracting:** Available full-time or as a contractor (Estonian e-company setup in progress, so invoicing stays EU-compliant).
- **Interests:** Traditional Thai Massage (studying), Black & White Photography, Playing Handpan & Electronic Instruments.
